1.2. Sulfur Market Overview

World sulfur production increased slightly and is likely to steadily increase for the foreseeable future. World sulfur production in 2011 was estimated...

2.2. Canada

Canada is ranked third in the world in sulfur production, and is the leading sulfur and sulfuric acid exporter.

In 2011, Canadian sulfur production reached 000 metric tons of sulfur content, a 2.1 per cent decrease from 2010.

About two-thirds of Canadian sulfur is recovered ...
